

THERMOLUX power

eco-friendly

THERMOLUX

The most efficient and safe
drain opener on the market

- ◆ Effectively opens even difficult drain blockages
- ◆ Disinfects and removes odours from drains
- ◆ No damage to piping (cast iron, steel, rubber or plastics).
- ◆ Removes rust and paint stains from plastic and metal surfaces.
- ◆ Removes organic substances from all inorganic surfaces.
- ◆ Multi-functional, cleans safely e.g. coffee thermoses, food burnt to a frazzle from saucepans and frying pans.

THERMOLUX drain opener does not damage nature. It is a natural product, a pure base that neutralizes acidic compounds in nature, without taxing it. THERMOLUX is approximately 100% sodium hydroxide, prepared electrolytically from sodium chloride (food salt).

**THERMOLUX drain opener-product
is sold in all well-equipped
stores in Finland.**
